# The Cornerstone Orphanage Founding Family Homes Newsletter

Thank you for your support and corporation for the work of children's welfare in Japan.

The state of emergency for Tokyo has been extended to March 21st (at March 10th), it seems we have long way to go till the termination, and in this situation, the economy getting tight, and there will be financial difficulty in every family too, then those problem pass on to children. We hear children who have to enter children's home is increasing. Some people say severe situation starts after the termination of Corona virus.

We hope we proceed our preparation to start a family home as soon as possible, without any delay. Your support and cooperation become great power to our work. We ask your support from now on too.

I received good news the other day. One girl who belongs to our orphanage in Cambodia, passed the entrance examination of Phnom Penh University.

She grow up this far by your support, and we are truly thankful to you. That girl is looking forward to enter that University, and she could buy a bicycle for going University recently. It is very impressive to see children grow and become independent, I know each child will spread his or her wings and fly away to the world as a cornerstone in future.

We are going to prepare for domestic children who are going to be cornerstones too.

We pray and ask you all to support our work continuously.

# We ask your support for setting up a family home

The Great East Japan Earthquake on March 11th 2011 caused great damage to the East Japan Japanese society, but as The Cornerstone Orphanage we supported the foundation of a family home in the disaster - stricken area.

The Cornerstone Orphanage is now working to expand our project all over Japan. We kindly ask you all to support us further more from our heart.
