

Cambodia orphanage accepted elder sister L and younger brother V

The Cornerstone Orphanage Founding Family Homes Newsletter

Thank you for your support and cooperation in the work of the children's welfare.

The Cornerstone Orphanage Cambodia received three children this time from two different situations.

One of the two cases is we received brother and sister who were living in the countryside. They lost their parents, and their neighbors were taking care of them.

One organization of the government contacted the orphanage since they need more stable situation to be brought up. The second case is a more severe situation. The boy was only two years old and he was left alone by his family.

We received the boy and tried to find family first, but couldn't find them, so the orphanage accepted the boy officially and started to take care of him

This kind of situation is not a rare case. There are many children who become actual "orphans" because of poverty or family breakdown.

The activity of TheCornerstone Orphanage is the effort for those social problems.

Our activity is going widely inside and outside of Japan.

We are planning the family home project to be found and extend inside of Japan.

Especially this year, we would like to start the recruitment activity of foster parents.

For the children's bright future, our mission is getting more and more necessary, not only Cambodia but all over the world.

We keep working for children to provide safe and love fully environments, and we will be working on it.

We pray and ask you to support our work continuously again this year.

We need foster staff and assistant staff for a family home project. You need one of these qualifications to become a foster staff member, such as major welfare in university or college, who worked in a children's care center or infant home more than three years. If you would like to work as a family home staff, we recommend you to get those qualifications, and contact us.

We ask your support for setting up a family home

The Great East Japan Earthquake on March 11th 2011 caused great damage to the East Japan Japanese society, but as The Cornerstone Orphanage we supported the foundation of a family home in the disaster - stricken area.

The Cornerstone Orphanage is now working to expand our project all over Japan. We kindly ask you all to support us further more from our heart.
