

Children of Zambia!

The Cornerstone Orphanage Founding Family Homes Newsletter

Our Tokyo Office is preparing for the renewal of our certification as a Certified NPO in December. We are making all necessary preparations for the next five years.

In Zambia, we continue to support children's education. We are deeply grateful for your generous support. However, due to the weakening of the Japanese yen and the rising value of Zambia's local currency, the kwacha, the amount of support we can actually use in Zambia has decreased significantly. As a result, the value of our financial support has been reduced by approximately 40%. This has become a serious challenge for us. To continue supporting the children and providing them with educational opportunities, we sincerely ask for your continued understanding and generous support.

In Cambodia, NA, who graduated from university after studying Japanese, has long hoped to work in Japan. NA explored various opportunities but was unable to find a way and began considering working in Cambodia instead. Recently, NA applied for a position with a Japanese organization that operates a Japanese language school in Phnom Penh and was successfully hired! NA has now started working on a three-month probationary period. At this workplace, staff members can take the Japanese Language Proficiency Test (JLPT) without paying the examination fee. They can also learn useful office skills. NA is very thankful for this opportunity to work in an environment that is even better than expected. We hope that NA will successfully complete the probationary period and become a permanent employee. We also hope that the experience and skills gained through this job will help NA achieve the dream of working in Japan in the future.

Thank you very much for your continued warm support and prayers.

We ask your support for setting up a family home

The Great East Japan Earthquake on March 11th 2011 caused great damage to the East Japan Japanese society, but as The Cornerstone Orphanage we supported the foundation of a family home in the disaster-stricken area.

The Cornerstone Orphanage is now working to expand our project all over Japan. We kindly ask you all to support us further more from our heart.
